NEWS FROM THE COUNTRY

MORVEN.

There was a large attendance at the
Anglican service held in the parlor of
the Post Office last Sunday and the
closest attention was paid to the ser-
mon, the subject of which was
"Paradise." After the service a new
member was added to the church in
the Holy Sacrament of Baptism.

Storms are visiting in Utica.
Several of the farmers in the sur-
rounding vicinity have been patroniz-
ing Metzler's cheese factory during the
last week, Bradshaw's factory having
been destroyed by fire.
Visitors—Mr. and Mrs. J. Snook and

Murfale; and Mrs. Collins and daugh-
ter, Trenton, at D. Babcock's. Miss
Ada Dawson, Omphah, at W. H. Neil-

going on at Sydenham.
Mrs. Burt and family are visiting
friends in Murvale.

ADOLPHUSTOWN.

About a hundred and fifty or more
of the members and friends of the
Methodist church met at the parsonage
on the evening of June 20th for a
friendly farewell visit, and to give
Rev. Mr. and Mrs. Horton a send off
on the eve of their departure to the
Centreville circuit. The ladies brought
baskets well filled with good things to
eat, which they served to all, and was
much enjoyed. Mr. S. W. Kuttan was
called to occupy the chair and preside
over the meeting. In his very feeling
address he made kind and favorable
reference to the ministry of Mr. Horton
during the three years of his pastorate
with us. Speeches were also made by
Joseph B. Allison, Jacob H. Roblin,
Parker Allen, Elias Clapp and others.
All expressed in the highest terms
their appreciation of the labors and
social fellowship of Mr. and Mrs.
Horton and sorry that the Methodist
itineracy compels us to part. The
most interesting part of the programme
was the presentation of a very fine and
valuable dinner set to Mrs. Horton to-
gether with best wishes and kindest
regards, to which Mrs. Horton feelingly
responded. Rev. Mr. Horton was
then introduced, who very heartily
thanked the people for their visit,
kind words, donation and love ex-
pressed for him and Mrs. Horton.
Prayer and benediction closed one
of the most enjoyable social gatherings
held in the parsonage in Adolphus-
town. We said good-bye hoping
to meet again in that happy land never
more to part.

A dangerous animal has been travel-

say. It tries to do a lot of damage.
Beware of it boys on your travel.

One young man was heard singing
up the road, "Ida, what will you do
when we all get there."

Mr. Robert and Willie Blackaddes
passed through here on Sunday last en
route to Mr. Joyce's. They report a
good time.

Mr. John T. Hill, of Napanee, accom-
panied by Mr. Samuel McNeill spent
Sunday here renewing old acquain-
tances. There must be some attrac-
tion around the store boys.

We expect a beautiful sofa to arrive
here next week. Say won't I have the
jolly time.

A very prudent young lady was
heard to say, what is as regular as
our mail boy? Another one says, the
clock. No, says the first, our clock
stops, but Johnnie never stops.

ENTERPRISE.

A large number of the members and
friends of the Methodist church gather-
ed at the parsonage on the evening of
June 28th, to tender a welcome to Rev.
Mr. Horton, wife and family, to their
new home. The ladies brought an
abundance of good things to eat, of
which all partook heartily. A very
pleasant evening was spent. The fol-
lowing address of welcome was read
by Mr. Booth:

REV. G. HORTON AND FAMILY.
Dear Friend and Brother,—It is with
pleasure that we have met here to night
to extend to yourself and Mrs. Horton a
hearty welcome to this field of labor. We
feel, and have ever felt, that the work of a
minister of the gospel is of the greatest
importance, and that it is our duty and
privilege to co-operate with him in every
good work, we therefore extend to you the
right hand of fellowship, and in so doing
we feel that we are grasping the hand of
one who is interested in our welfare. Our
aims, we believe, are one, our hopes and
our prayers are for the salvation of precious
souls. It has not been our privilege to
meet either of you before, and there were
no deep laid plans either by yourself nor by
us, to bring about the present relationship
existing between us as pastor and people.
We therefore look upon your coming
amongst us as providential, and we hope
that we may be more and more convinced
of this as time passes along. We welcome
you to this circuit as our pastor, we wel-
come you to this village as a friend and
neighbor, we welcome you to our homes in
each of which there will ever be a vacant
chair and a hearty welcome. No doubt
you will see imperfections in us and we
may possibly see some in you, but we hope
that in looking at these we may not use a
magnifying glass and then spread them be-
fore the world, but rather that we be
guided by our Divine Master, who considers
our frame and remembers that we are dust.
The past is gone, the future with all its
possibilities and responsibilities lies before
us, and it is ours by Divine aid to make a
success or a failure. We therefore hope
that the term of years that you remain
with us may be full of prosperity. To this
end we welcome you as an ambassador for
Christ. These are the sentiments of our
hearts, and we pray that nothing may inter-
fere to mar these kindly feelings toward
you, but rather that they may in-
crease as we become better acquainted,
and that we as pastor and people, may
ever unite to break down the strongholds of
Satan, and build up the kingdom of Christ.

At the last session of parliament it
will be remembered important amendments
were made to the Petroleum Inspection Act
among others being one authorizing the
importation in tank cars of petroleum for
illuminating purposes at places designated
by the governor in council. The act went
into effect on Saturday. Cornwall,
Prescott, Smiths' Falls, Perth, Ottawa,
Ipswich, Kingston, Belleville, Peter-

named among the ports at which petroleum
in tanks can be imported.

Guard Against Cholera.

Keep the blood pure, the stomach in good
work order, and the entire system free from
effete matter by using Burdock Blood Bitters,
which cleanses, strengthens and tones the whole

An exchange advises that people should
never go in the early morning to get boots
and shoes fitted. In the latter part of the
day the feet are at their maximum size.
Activity and standing tend to enlarge feet.
If people would remember this rule there
would not be so many complaints of shoes
when worn being tight which, when fitted,
seem so comfortable.

Timely Wisdom.

Great and timely wisdom is shown by
keeping Dr. Fowler's Extract of Wild Strawberry
on hand. It has no equal for cholera, cholera
morbus, diarrhoea, dysentery, colic, cramps and
summer complaints or looseness of the bowels.

Mr. C.P. Holton, of Belleville, is rebuilding

THE SUSPENDED MANITOBA BANK

Liquidators Appointed. A Statement Show-
ing the Assets to Exceed Liabilities.

WINNIPEG, Man., July 4.—Those who
expected excitement yesterday in con-
nection with the failure of the Commercial
Bank of Manitoba were disappointed. The
positors appeared to take the matter philo-
sophically and departed quietly without de-
velopments.

The solicitors of the Merchants' Bank of
Canada and of the Provincial Government,
two of the largest creditors, this morning
made application before judges for the ap-
pointment of liquidators, and Mr. Ferguson,
assistant manager Merchants' Bank here, and
J. M. Ross, one of the directors of the
defunct institution, were appointed.

At a meeting of the directors today
Duncan McArthur, president, resigned, his
resignation being accepted. An approxi-
mate statement was submitted, showing
liabilities \$1,370,000 and assets \$1,341,000.
The liabilities are: Notes in circulation,
\$100,000; deposits, \$800,000; loans from
Merchants' Bank, \$271,000; Merchants'
Bank debt is fully secured.

There are on the roll of the Deseronto
Presbyterian Sunday-school 27 teachers and
415 scholars.

Hottel's Pills.

In cases of chronic indigestion, disordered
liver, and general debility, these Pills are
wonderfully effective. They induce a good
general and powerful effect on the whole
system that they clear away or ward off most of
the evils that flesh is heir to. They cleanse the
bowels, purify the blood, correct the bile, give
tone to the stomach, excite a healthy appetite,
produce sound sleep, and impart increased en-
ergy to both mind and body. The admirable prop-
erty of these famous Pills are too highly
appreciated to require any encomium here, as
they are resorted to by rich and poor of every
nation. The cures they effect are not temporary
or imperfect, but they bring about a marvellous
and beneficial change throughout the en-
tire body, and enable it with renovated powers
to resist the approach of all future attacks.

BATH.

It is somewhat difficult to determine
what good the act now in force is as
to the liquor question. While there is
no licensed house in the village yet
signs exist that this is not a total
abstinence town.

The North King steamed by Bath on
Sunday evening to the great dis-
satisfaction of two persons who had
bought their tickets at Kingston and
Napanee respectively.

The school examinations was one of
interest and satisfaction to all con-
cerned under the very efficient
management of Mr. Bowerman and
Mr. Robertson.

Mr. Lester Aylsworth was elected by
acclamation to the trustee board to
fill the vacancy caused by the re-
moval of Mr. R. Gage to the North-
west.

The Methodist Sabbath school pic-
nic is looked forward to with great
interest. It takes place on the 6th
inst. at Stella and a grand time is
expected.

The very inviting and beautiful
summer resort of T. Edward's is filling
up, yet there is ample accommodations
for more.

Mrs. E. G. Ferris has returned to
Watertown after a few days visit with
her mother, Mrs. Joseph Dennee.

Mrs. E. Newton Jary is making her
annual visit home and to many friends
in Renfrew.

The ladies aid of the Methodist
church have made a fine improvement
on the parsonage by erecting a porch
and beautifying the building gener-
ally.

DESERONTO.

A moonlight excursion from Belle-
ville called here on Monday evening on
the steamer Hero. She was loaded to
her utmost capacity.

A large number of the citizens of
Deseronto attended the races at Napanee
on Friday and Saturday last and
came home seemingly well satisfied
with the sport.

The races which were to have taken
place here on Tuesday have been post-
poned until the first week in August
on account of a lack of entries (?)

On Tuesday evening of this week
the new Masonic Hall on the corner of
St. George and Thomas streets, was
dedicated by Hon. J. M. Gibson, Q.C.,
M.P.P. A large number of the brethren
from Belleville, Trenton, Napanee,
and all the surrounding towns were
present and participated in the events
of the evening.

Miss Carrie Gamble, of Port Perry,
Ont., is in town on a visit to her brother,
Mr. Wm. Gamble.

Two deaths from diphtheria occurred
here on Saturday last, and more cases
are reported in town.

On Wednesday evening of this week
the officers of Deseronto Council, No.
289, R. T. of T., were installed by Mrs.
E. Dulmage, G. V. C., of Belleville
Council, No. 297. The officers are as
follows:

F. C. H. Bell, S.C.; J. M. Smith,
P.C.; Mrs. Northmore, V.C.; Mrs.
Wiglet, Chaplain; S. C. Werden, Fin.
Sec.; John Dougherty, Pres.; C. J.
Adams, Rec. Sec.; Miss Gertie Brown,
Ass. Rec. Sec.; Ralph Goodmaurphy,
Herald; Miss Emma Chamberlain,
Dep. Herald; Miss Ada Scott, Guard;
Mr. Archie Morden, Sentinel. Several
addresses were delivered by the differ-
ent members present, and a Royal
Templar gold pin was presented to
Bro. J. M. Smith on his retiring from
the chair, which was occupied by him
so successfully for the past year. De-
legates were appointed to attend the
District Council at Napanee on July
11th.

Mr. N. T. Lowe, who has been out
north for some time past in the inter-
ests of the Rathbun Co., returned on
Wednesday looking hale and hearty.

the pleasure it gives us in extending to you
a hearty welcome.

Rev. Mr. Horton made a suitable
reply thanking the friends for this ex-
pression of kindly feeling, uniting with
them in prayer for the guidance of the
great head of the church in every good
word and work, after which they de-
parted for their homes, pleased and
profited.

(From an other Correspondent.)

On Friday last our school closed.
Miss Josa Wellington has returned
from Manitoba, where she has been
spending some time with her sister,
Mrs. McGregor. We are glad to see
her smiling face around again.

The picnic at Varty Lake on the 1st
proved a success.

What might have proved a disas-
trous fire occurred here on Sunday last.
The little boy of R. H. Peter's obtained
matches from the house and lighting
them dropped them under the barn
floor. In a short time the floor was all
in a flame, but was discovered in time
to prevent a great loss. In a short
time after the fire bell rang a crowd
assembled, and water being near by
they soon extinguished the flames.

Rumor says a wedding soon.
Miss Dora Allan is very ill also
Miss Effa Bell.

Miss Maude Wagar is home for her
vacation.

Mr. Earnest Wright is visiting at J.
D. Wagar's.

Mr. H. R. Card sold strawberries
here measuring 7 1/2 inches in circumfer-
ence.

Mr. J. Kenny has purchased the
residence of E. J. Wagar, on West st.

Rev. Mr. Horton preaches here on
Sunday morning and at Centreville in
the evening.

Mrs. James Wagar and son, Fenelon
Falls, are visiting friends and relatives
here.

Quite a number from here attended
the camp meeting at Colebrook on Sun-
day last.

Mr. Lowell's Question.

A few years before the death of James
Russell Lowell he wrote a poem which
he was to read upon a certain public oc-
casion. Naturally the newspapers de-
sired to secure the copy. Mr. H., who
was then and is yet engaged upon a Bos-
ton daily newspaper, was detailed by his
managing editor to call upon Mr. Low-
ell and secure, if possible, the much de-
sired poem. After a great deal of im-
portunity from the newspaper man Mr.
Lowell said:

"Let me ask you a question frankly,
man to man, and if then you decide that
I ought to give you the poem I promise
you I will. If you knew I needed \$200,
you would not ask me to give it to you.
I know that perfectly well. But that is
just what you are asking me. I have a
market for my poem in The Atlantic
Monthly provided they have the oppor-
tunity of first publishing it. If it is first
printed in the daily newspapers of this
country, of course it is no use for a mag-
azine. Now, then, I tell you frankly,
I do need the \$200, and I ask you the
question, Shall I give you the poem on
your request, or shall I keep it for the
magazine?"

The newspaper man decided promptly,
and the poet was not deprived of his
\$200.—Boston Herald.

NAPANEE, FRIDAY, JULY 7, 1893.

London, July, 3.—Mr. Herbert Gardner, president of the board of agriculture, states that a microscopic examination of the lungs of animals landed from the steamer Lake Winnipeg from Montreal, has proved that the animals had been affected with contagious pleuro-pneumonia. The prohibition against Canadian cattle must therefore be continued.

ONE lot of government papers declare that the Reciprocity clause of the Reform party's platform, as declared recently at Ottawa, is disloyal; also that there were not many young men present at the great convention. Another batch of tory papers insist that the Reform party's policy as to Reciprocity differs but little from that of the government, and that there were too many young men present. Between these diverse opinions the tory papers may continue to oscillate, but it will give thinking people the notion that the Reformers have hit the exact policy the country demands.

MR. LAURIER, speaking at Waterloo, on Dominion Day, said, "The National policy has been particularly destructive to the agricultural interests of the country. On the one hand it has loaded the farmer down with extra taxes: on the other hand it has restricted his market. Thus doubly overburdened, the farmer has been fighting a losing battle, and the depreciation of his property marks his gradual defeat." There is taken out of the people of Canada over \$20,000,000 every year in customs taxes. If every cent collected through the operations of the protective policy went into the treasury, it could be borne, but for every dollar that goes into the public coffers \$2 or \$3 goes into the pockets of the protected manufacturers, "I," said Mr. Laurier, "object to this. (Cheers). I say that not a cent should be collected beyond what is required to meet the country's necessities. We will tax for revenue but not one cent for protection.

THE deserted farms and homes of some of the New England States have time and again been used by the tory press to present a picture of life worse than can be found in Canada. The same press however, forget to-day that protection has been longer and more severe in the United States than here. They forget to quote the congressman who said when asked about legislating for the good of the farmer, "D—the farmer anyway, are all the rest of the people to suffer to please a few farmers." The fact remains, however, that the farmer, unless occupying good lands, has been legislated out of a living. The fact also remains that despite the poverty depicted by the tory press, the exodus continues. Surely the people do not incur vast expense and sever old time associations merely to rush from affluence to poverty. The tory press must tell us some other tale than this, nor need they say that it is the dissatisfied grunts that go to the States; because everyone knows better, and that it is often the defooled tory who believed the stories about the coming tide of prosperity, who has had to pull up stakes and get away in short order.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. OSGOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOE,
Counway, Ar.

The Centaur Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

ALLEN C. SMITH, Phys.,

to the World's Fair, had told us in a lengthy and eloquent speech all about the greatness of the Dominion of Canada, its prosperity, its patriotism, its loyalty, etc., etc.; and the honorable and honorable commissioner from Quebec, Senator Tassee, had told us in even more eloquent French, how loyal and patriotic the Canadian French were, and how much the French had done in exploring the great western country and in other ways,—after all this, which was as "beautiful and fine" as any loyal Canadian could wish; the Mayor of Chicago, the celebrated "Carter Harrison," was introduced. The Mayor is a character in his way, and made a lively time before he sat down. Senator Tassee, the French orator had said a few words in English before he commenced his oration proper and this part the Mayor of Chicago seems to have "caught on" to in good shape. What the Frenchman said in English was this, that as the 4th of July was, according to the Mayor's proclamation, a good day for the Americans to make a noise, the 1st of July was a good day for Canadians to make a little noise, and as Mr. Cockburn has made a noise in the language of Tennyson and Longfellow he would proceed to make a little noise in the language of La Salle and Pere Marquette. Whether the Mayor, who is by no means destitute of humor, really set himself out to make more noise than any of them I cannot exactly say, but that he succeed in doing so is as certain as that the sun rises. After extending to the Canadian visitors a cordial, and evidently hearty welcome, the Mayor ventured to touch on annexation, or the political union of Canada and the U. S. He did so in a very gentle and conciliatory tone,

the States is to be found in the fact that the Canadians who come over here in thousands to better their condition are taken in by these Americans and promoted rapidly to places of trust, emolument and honor.

Yours etc.,

ALLEN PRINGLE.

THE GREAT CONVENTION.

To the Editor—The electorate are sometimes inclined to ask: Of what use was it for us to send a delegation to the Reform Convention at Ottawa? As an answer to the above interrogation I submit the twelve propositions as contained in the resolution that was presented by the Lennox delegation to the committee empowered to act upon resolutions:

RESOLUTIONS.

We, the delegates from Lennox, desire to present the following principles, as worthy to be incorporated in the platform of the Reform Party.

1st. Equal rights to all British subjects in Canada.

2nd. Repeal of the Dominion Franchise Act.

3rd. Repeal of the Gerrymannder Act.

4th. Taxation for revenue only, and that to the lowest extent, consistent with the proper administration of government.

5th. The Senate to be made elective by the people.

6th. No sales or leases of public property, except after due advertisement.

celebrated, the weather being fine but
rather warm. The Canadian Pavilion
was profusely decorated outside and in
with the red, white and blue; and was
of course the general rendezvous of
Canadians from early morning till
night, with the exception of the ad-
journing to the great Festival Hall,
where the orations of the day were de-
livered and the music discoursed.
"Victoria House," just across from
the Pavilion, was also alive with
English and Colonial visitors, where a
joint meeting was held about noon,
with Sir H. T. Wood, English Com-
missioner, as chairman, and congratu-
latory resolutions passed, which are
to-day cabled to the Duke of York
and Princess May, whose marriage is so
close at hand.

Between two and three p.m. the pro-
cession started from the Canadian
Pavilion on the march to Festival
Hall. The visiting British military
organizations led the way. The pro-
cession was headed by the band of the
Grenadier Guards followed by a com-
pany of the Royal Horse Artillery, and
detachments from the First Life
Guards, the Fifth Royal Irish Lancers,
the Eleventh Hussars, the famous
Black Watch regiment, the Connaught
Rangers, the King's Royal Rifles, and
Capt. Rawson's Infantry. Before Festi-
val Hall was entered an impressive
scene was enacted in Transportation
Building in the presence of 10,000
people. In this building is an exact
model of large dimensions of the great
English battle ship "Victoria," which
was run into and sank a few days ago
in the Mediterranean by one of the
other battle ships of the fleet, taking
to the bottom of the sea with her from
three to four hundred of the crew in-
cluding the chief naval officer in com-
mand of the fleet. Ever since the news
of the sad catastrophe reached Jackson
Park the "Victoria Model," as it is
called, has been the object in Trans-
portation Building of constant and in-
tense interest. It was at once on re-
ceipt of the news, draped in deep
mourning, and the ordinary rush of
the visiting throng through the build-
ing would slacken as the "Victoria
Model" was approached. In its sombre
presence the visitor would instinctively
stop, and silently gaze on the
mourning Victoria, no doubt with
feelings of solemn contemplation of the
awful spectacle in his mind of the
great ship sinking with so many
human lives to the bottom of the Medi-
terranean! The impressive ceremony
referred to was the halt of the military
at Transportation Building to pay a
tribute to the memory of their fellow
soldiers and officers, who were lost
with the Victoria. In the solemn
presence of the re-draped Victoria the
band played the "Dead March in Saul"
while the stalwart British soldiers
"presented arms."

But the transition from the "grave
to the gay," especially here in this
"whole world in a park," where every
and all sides of life can be seen, and
not only the sides but the top and the
bottom,—the transition is so rapid and
the change so great that any one
afflicted with anything like a wide
range of sentiment must occasionally
catch for his breath in order to retain
his mental balance. The scene is now
changed. We enter the great Festival
Hall and the band strikes up different
airs from dead marches, and the
orators of different languages engage
the multitude with different themes.
First we had the patriotic, impassioned,
super loyal, English oratory; and
then the fiery, finished, red-hot elo-
quence of the French language. After
that came the American oratory which
was neither English nor French, and
which came within an ace of "busting"
the celebration of Dominion Day in
Chicago!

After Hon. G. R. R. Cockburn, M.P.,
Toronto, and honorary commissioner

to have given offence to any Canadian
no matter how loyal or patriotic he
might be. The Mother Land and her
two daughters—Canada and United
States—are said to stand far ahead of
all others in freedom of speech as well
as liberty of conscience. Why, then,
could not the Mayor of the great city
of Chicago utter his sentiments as to
the union of the two daughters, at a
social and fraternal as well as inter-
national gathering, without being
nearly hissed off the platform? The
Mayor said that there were no two
countries in the world that had the
long dividing line between them found
between Canada and the U.S.—a line
over which the Canadian can reach
hands to his brother in the U.S.—that
the interests of the two countries are
mutual—that "there is a destiny
which is bringing us together and
which must, sooner or later,—perhaps
it will be later, but in my opinion,"
said the Mayor with a good natured
smile, "it will be sooner—when the
two countries will be united under one
flag which shall float from the Arctic
regions of the north to the sun-kissed
tropics of the Gulf of Mexico." This
was more than some few "trooly
loil" Canadian patriots could stand,
and they gave the speaker such a
vigorous and long continued hissing
as nearly drove him from the platform.
But while these were hissing perhaps
over half the audience were applaud-
ing, which had the effect of keeping
the speaker on his feet though he very
soon changed his subject. In the
midst of the hubbub an incident oc-
curred which made matters much
worse for all concerned. An excited
Canadian on the platform, brim full
of loyalty no doubt, and by this time
presumably boiling over with indigna-
tion at the bare idea of kith and kin
uniting in wedlock, rushed to one of
the British flags near by and attempt-
ed to wrench it from its place that he
might flaunt it in the face of the man
who dare utter such conjugal senti-
ments. He however didn't succeed in
getting the flag but only succeeded in
tearing it. But a few hotheads in the
audience like himself noticing the
move on his part, were foolish enough
to imagine that he was an enemy try-
ing to haul down their flag; and this
of course just frenzied them, and it
was at this juncture that the meeting
was likely to break up in confusion,
disorder, and a very high temperature.
Of course the Mayor, not seeing the
flag movement behind him, supposed
the whole demonstration was against
himself. I have no doubt that the
news will go out far and wide, that a
Yankee tried to haul down the British
flag while the Mayor of Chicago was
advocating annexation. I was on the
platform myself, saw what took place,
and heard what was said. I was
ashamed of some of my countrymen
who had so much more loyalty in their
hearts than self control or common
sense in their heads. Supposing the
Mayor did manifest a certain amount
of indiscretion and lack of taste in his
remarks. He said nothing insulting—
not one word offensive to any Briton
or British subject. He spoke in the
highest terms of England and Canada,
and the people of both countries. He
expressed his opinion that Canada and
his country ought to be united, and
his belief that they would sooner or
later be united—peaceably united.
Was there any harm in that? Was
there anything about that to send a
Canadian off into a red hot tangent or
tantrum? If the Mayor had said that
Canada was a very good country,
worth getting, but that the people were
good-for-nothings, and that the U.S.
intended sooner or later to lay hands
on both and subjugate them and annex
them, there could hardly have been a
greater uproar.

The best evidence that Canadian
worth and merit are appreciated in

accepted by the people to be enforced.
8th No member of parliament, or
Senator to be interested personally in
any contract with the government
under penalty and disqualification.
9th Absolute independence of each
parliament in its own sphere of action.
10th No member of parliament to be
attorney for any man, or party, who
are asking favors from the Govern-
ment.
11th That in future no further
grants of land or bonuses be made to
railways or corporations.
12th No person in the employment
of the government (known as civil ser-
vants) shall hereafter be allowed to
exercise the use of the franchise.

If we are careful to compare the
above with the ten resolutions which
constitute the platform as adopted in
its entirety without a dissenting voice,
we will have no difficulty in recogniz-
ing the part taken by, and the respect
shown to the delegates of the County
of Lennox. (which has always stood
amongst the most progressive in the
glorious galaxy which constitute the
215 constituencies of our Dominion).
Many of the resolutions are identical
with those articles which formed the
resolution submitted by the Lennox
delegation, and although more of them
might have been adopted with profit
the electors of Lennox have good
reason to congratulate themselves upon
the part they played in framing the
platform upon which the future destiny
of this country must be fought out, for,
within that platform lies all the pos-
sibilities which make for the redemp-
tion of Canada from the juggernaut
of trade restriction, which has so long
paralyzed production that childhood
and womanhood is being impressed
into workshops to supply the means of
subsistence, which under more favor-
able conditions could be supplied by
the head of the household, who under
present conditions is forced to leave
home and country (once endearing
names, but which have become the
synonym of slavery) to gain in respect-
ability that livelihood, to which when
properly governed, every son of Canada
was wont to aspire, and to which it
shall be our duty to restore to them by
placing in power men who have pledg-
ed themselves to the fulfillment of
these resolutions. Men whose every
aspiration is for that wider freedom
for the exercise of our every faculty
which will tend towards the upbuild-
ing of Canada in agriculture, com-
merce, trade and manufactures. Men
who will seek to open to our products
the markets of the world. Place
restriction upon any one of these fields
and a restricted product is the result,
and, as in the human body, restricted
breathing results in death, so, in the
restriction of trade, opportunity is
prescribed, hope vanishes, inaction
follows with indifference to exertion,
stagnation ensues, depression follows,
failures result, and as in Egypt of old
the people went down to slavery and
remained slaves, so the people of
this comparatively new country have
become afflicted with that paralysis
peculiar to aged communities, wherein
men become unconcerned for the future
possibilities of the race. And although
our beloved country has never known
famine or pestilence or war, such as
has ravaged the countries of the old
world, we stand face to face with that
which Isaiah prophesied would come
in the latter days xxiv chap. 6, "Be-
hold a curse shall devour the earth,
and they that dwell therein shall be
mad, and few shall believe." The curse
of tariff taxation (which is but a
government mortgage on that amount
which each family consumes) at 35
per cent. has devoured this country
and who can doubt that, those who
voted four times in succession to place
that yoke of slavery and degradation
upon the necks of their fellow country-
men, were "mad?" And if further

THE CATTLE SCHEDULE.

OPINIONS DIFFER AS TO WHETHER THE STEER HAD PLEURO.

The Accuracy of the Test Is Questioned—Deputy Minister Lowe of Ottawa Is Confident There Is No Pleuro-Pneumonia In Canada.

LONDON, July 5.—In announcing his decision in the House of Commons last night, that the exclusion of Canadian live stock from Great Britain must be maintained, Mr. Herbert Gardner, President of the British Board of Agriculture, stated that the lungs of the cattle in question exhibited to the naked eye some deviations from the disease in the home-bred animals.

"But," he continued, "the history of the disease in North America shows clearly that the pleuro-pneumonia is as contagious and fatal there as here. Therefore I have no alternative for the present but to maintain the slaughter of all animals at the port of landing."

Mr. Gardner expressed regret at the decision, but he could not disregard the advice of experts who, after a careful microscopic examination of the lungs of Canadian animals, confirmed the conclusions of veterinary officers who ordered the inspection on the ground that the animals suffered from contagious pleuro-pneumonia.

Mr. Gardner added that he was most anxious to give Canada the benefit of the doubt, but the opinion compelling him to place the Dominion under suspicion also compelled him to order, according to the statutes, that all animals be slaughtered on landing.

It may be stated, however, that in Canadian and Scotch circles there is a disposition even now to question the accuracy of the Government experts' test. They base their dissent on the fact that the lungs of the suspected Canadian cattle do not at all resemble those taken from English cattle which had the disease, and they quote the opinions of Hunting and other "unofficial" experts, who, after having examined the cattle's lungs, declared the disease was non-contagious.

NO PLEURO IN CANADA.

Deputy Minister Lowe Confident Canada Is Free From the Disease.

OTTAWA, July 5.—Deputy Minister Lowe of the Agriculture Department was shown a cable despatch stating that Herbert Gardner, President of the Board of Agriculture, said that a microscopic examination of the lungs of animals landed on the steamer Lake Winnipeg had proved that these animals had been affected with pleuro-pneumonia, and that the prohibition against Canadian cattle must be maintained. "The despatch seems to be official," said Mr. Lowe, "but for all that I am convinced that there is no pleuro-pneumonia in Canada, and also that no cattle affected with pleuro-pneumonia had landed in Britain from Canada. Wherever the cattle may have come from they were not Canadian cattle. Every Canadian veterinary surgeon is of this opinion." Mr. Smith is also of that opinion.

"Any report from Sir Charles Tupper?" "No, we have had no report on the subject. All that we know of the matter is from this despatch."

Mr. Lowe said that the British farmers were no doubt using every effort to maintain prohibition against Canadian cattle.

SIR CHARLES TUPPER CABLES.

Confirming the Statement That Pleuro Had Been Found.

OTTAWA, July 5.—A cable received from Sir Charles Tupper confirms the statement that pleuro-pneumonia has been found to exist among the cattle recently landed from Canada.

These cattle were brought from Pilot Mound, Northwest Territories, which points to the possibility of the disease having been brought into the country through laxity in enforcing quarantine regulations there in admitting settlers' cattle without quarantine.

They Favor Canada Fattening Her Own Cattle and Not Shipping Stockers.
MONTREAL, July 5.—The Montreal cattlemen are not surprised but they feel indignant over the cattle embargo. Some of them, however, say they are glad as they know just where they stand.
Mr. C. Coughlin says now Canada is on equal footing it should abolish the embargo against American cattle.
Mr. John Crowe says they could place 100,000 stockers in the States, but Mr. W. Craig favored fattening our own cattle as Canada has lost by not doing so in the past.

Chairman of the C.E. Reception Committee Succumbs to Heart Disease.

MONTREAL, July 5.—John R. Rogers, aged 40, a bookkeeper employed in Walter Paul's grocery establishment, dropped dead opposite Erskine Church, Peel-street, last night while conducting a party of 40 New Hampshire Christian Endeavor delegates to their quarters. The deceased was chairman of the Reception Committee at the Canadian Pacific station. Death was caused by heart disease. He leaves a wife and five children.

Lashed to a Rock.
St. John's, Nfld., July 5.—The schooner Mattie Collins of Ragged Island was lost last night on Harbor Odein. The crew managed to get on the rock, but the sea was making a clear break over it. They secured ropes and lashed themselves to the rock, and thus they spent the night. Their rescue was effected this morning, though with great difficulty, each one having to be pulled through the water for 60 yards to a boat.

MISSING TORONTO CLERKS.

SAID TO HAVE GOT AWAY WITH
MANY THOUSAND DOLLARS.

Two Grand Trunk Employees Missing and
Their Defalcations Various Estimated
at From Ten to Twenty Thousand
Dollars.

TORONTO, July 5.—John G. Fraser,
aged 24, and Michael J. Teedy,
aged 25, clerks in the employ of
Mr. J. A. Carlaw, local cashier of the
Grand Trunk Railway, have decamped, and
experts are now examining their books with
a view of ascertaining the amount of their
defalcations, which are believed to amount
to several thousand dollars.

Fraser resided with his father, John
Fraser, G.T.R. checker, at 112 Beacons-
field-avenue, and Teedy with his father
Michael, who is a fireman in the employ of

THE CROP OUTLOOK.

Concise Reports From Every Province in
the Dominion.

TORONTO, July 4.—From all parts of
Ontario the most glowing reports are com-
ing in regarding the condition of the crops.
The cut of hay promises to be unusually
large and haying is now in full swing. The
grain crop will largely exceed that of last
year. All around the farmers have every
reason for congratulating themselves. The
harvest will probably be 25 per cent.
heavier than last year. In some sections
drought is reported and crops and fruit are
suffering. Peaches, cherries and small fruits
promise an excellent yield, but apples will
be light.

MONTREAL, July 4.—Throughout Quebec
hay will be the largest crop known in years.
Grain generally is fair, but late. What
was planted early is very heavy and liable
to lodge.

HALIFAX, N.S., July 4.—The Maritime
Provinces are suffering from a prolonged
drought, and unless rain comes soon enorm-
ous loss is certain to result.

THE BEHRING SEA COURT.

Mr. Phelps Argues for Property Rights
in Restricted Territory.

PARIS, July 4.—When the Court of Ar-
bitration on the Behring Sea case resumed
yesterday Mr. Phelps, one of the counsel
for the United States, said that prescrip-
tion was the origin of all property rights,
and commented upon the importance of the
seal industry early in the century. Three
million seals were taken previous to 1817.
Mr. Phelps contended for restricted terri-
tory, meaning the Northwest coast and the
Pacific. Sir Charles Russell watched Mr.
Phelps' argument very closely, and inter-
polated explanations, which greatly weak-
ened the effect of Mr. Phelps' arguments.

[American Report.]

PARIS, July 4.—E. J. Phelps of counsel
for the United States continued his closing
address before the Behring Sea tribunal of
arbitration Monday. He examined into the
rights claimed by Russia in 1791 and 1821,
and into the resulting protests from the

avenue. Both young men have been in the cashier's office for eight years and have been implicitly trusted. Fraser, however, has been living a fast life for some months. Of late he has frequented the pool rooms, where his heavy betting on the races earned him the sobriquet of "The Plunger." It was an ordinary thing for him to bet \$100 or \$200 on a race, and his wagers on more than one occasion reached four figures. He was at one time accredited with being a large winner, but of late has lost heavily. Fraser was also a patronizer of the "crap shooting" game in the Romaine block and lost \$250 about a fortnight ago. Teedy has not figured extensively in sporting circles and his flight may have been the result of dealings with Fraser.

Both young men handled large sums of money. All the remittances from agents as far east as Belleville are forwarded to the cashier here, and the receipts during the past few weeks, owing to the World's Fair traffic, have been large. Their books are now being examined, and pending reports of the experts no authentic information of the amount of the defalcations can be obtained. It is certain, however, that the total will reach several thousand dollars. Conservative estimates place it at \$10,000, while rumor in some cases says \$20,000. The latter sum is probably an exaggeration, however.

Fraser and Teedy were both insured in the Guarantee Company for \$5000. Mr. C. D. Richardson, the assistant general manager of the company, declined last night to say anything further than that his company had been notified, but the probability is that his company will be called upon to pay every dollar of the guarantee.

Major Carlaw said last night that he could give no estimate of the loss until the auditors were through. He had always had the fullest confidence in his two clerks and was surprised to learn of Fraser's sporting proclivities. Mr. Carlaw said the clerks had worked as usual until noon on Saturday, but did not put in appearance at their desks on Monday morning. This caused no surprise, as it was thought they might have crossed the lakes and missed the boats. When Monday evening arrived and they were still missing, however, he decided to have their books examined. "Should there be any defalcation," concluded Mr. Carlaw, "you can depend upon it they will be followed and brought back to answer for their crime."

BY A GASOLINE EXPLOSION.

A Jackson Woman Fatally Burned While Cleaning Drapery.

JACKSON, July 5.—Mrs. Abraham Giltner, aged 33 years, living at 2010 East Ganson-street, was fatally burned yesterday morning by a gasoline explosion.

About 10.30 o'clock, while she was at work cleaning some picture drapery, she set the pan, containing gasoline and draperies, on a wood stove in which there was a little fire. While wringing out the draperies some of the gasoline dropped on the stove and immediately ignited, causing an explosion which set the whole room afire.

Mrs. Giltner's clothing was in a moment one mass of flame, and the poor woman, crazed with fright, ran screaming from the house and dropped exhausted in the middle of the street, face downward. Neighbors who happened to see her secured a blanket and threw it over the prostrate woman, extinguishing the flames, but not until she had been terribly burned about the face, arms, legs, head and back.

The burns are not especially deep, but cover such a large portion of the body that four physicians who attended her have not the slightest hope for her recovery.

S.S. LAKE NEPIGON STRIKES ICE.

One Hold Full of Water, But the Boat Not in Great Danger.

MONTREAL, July 5.—A private despatch was received from Mr. Williams at Father Point yesterday announcing that Captain Taylor, commander of the Lake Nepigon, had sent word that his vessel had struck submerged ice in Firtewan Bay, in the Straits of Belle Isle, and one hold was full of water. The captain asked for a diver and pumps.

The Lake Nepigon left here on June 28 with about 14 passengers, 331 cattle and 98 sheep.

The live stock were shipped by the following: Montreal Stock Yards Co., 80; J. Kerr, Montreal, 25; L. Delorme, Montreal, 50; A. Elliott, Kingston, 25; W. H. Price, Montreal, 99 sheep; J. W. Elliott, Kingston, 98 cattle; and W. Dean, Toronto, 53 cattle.

The boat is not supposed to be in any great danger.

In Prince Edward Island there has not been any heavy rain this spring. The hay crop is very slight and there is widespread anxiety for the grain and root crops. Prayers are offered in the churches for rain.

WINNIPEG, Man., July 4.—The condition of crops throughout the Province of Manitoba and the Northwest Territories never was better, and gives promise of a magnificent yield. Over a million bushels of wheat are in crop and mostly headed out. Probabilities at present are that grain will ripen eight days earlier than former years, thus escaping early frosts. Condition of all crops is as near perfect as possible.

CALGARY, July 4.—Northern Alberta crop prospects immense. Wheat already 29 inches, oats 32 inches and timothy 36 inches high. Vegetables large, well-formed and prolific. Some districts in south doing well, but lack of rain in spring hindered early development in others. Prospects at present, however, point to harvest in general being good.

VANCOUVER, B.C., July 4.—Grain, both oats and wheat, of which but small acreage in province, very backward, owing to long-continued and unfavorable weather. Grain heading well now and given sufficient length of summer will be saved.

Hay is a large crop.

Small fruits, the staple of this part of the country, are just now coming in, and though very late are a fine crop. Strawberries doing especially well, large and well-flavored; average circumference four and a half inches.

Root crops backward and potatoes in many places rotted by long-continued rains.

A BRUTAL JAILER.

Club Prisoners Unmercifully for Attempting to Escape.

LONG ISLAND CITY, July 5.—The details of a desperate attempt to escape from the Queen's County Jail on Sunday morning last have just leaked out. Five short-term prisoners were concerned in the attempt. The plans of the scheme were disclosed to the jailers by one of the prisoners, who refused to take part in the effort for freedom.

The men concerned had cut through one bar and half through another when Jailer McDougall and Nightwatchman McCormick appeared on the scene and attacked the men with black jacks and clubbed them unmercifully. The men were then put in separate cells and a ball and chain was attached to the foot of each man.

THE KHEDIVÉ AFTER CROMER.

And He Wants Turkish Troops in Place of the British Occupying Force.

LONDON, July 5.—The Cairo correspondent of The Times telegraphs a report that the Khedive has asked the Sultan of Turkey to send Turkish troops to replace the British occupying force.

The Khedive is said also to have requested the Sultan to procure the recall of Lord Cromer, British Minister to Egypt.

Lord Wolsley May Go to Gibraltar.

NEW YORK, July 5.—Edmund Yates cables: Of course Lord Wolsley will get the offer of the Governor of Gibraltar if he cares to accept it. The salary is \$5000 and would enable him to put in five years quietly. It is doubtful, however, whether one so active would altogether appreciate the quietude of the Mediterranean fortress.

Admiral Hopkins Honored at St. John's.

ST. JOHN'S, Nfld., July 5.—The St. John's Chamber of Commerce has presented an address of welcome to Admiral Hopkins, thanking him for the services rendered by the Blaks after the fire last year. The citizens' hall to the admiral and officers was a brilliant success. The admiral gave an at home on board the Blake. The warship sailed for Halifax this morning.

Poisoned By Mussels.

VICTORIA, B.C., July 5.—Among the cargo of the steamer Princess Louise, which arrived yesterday, were the bodies of three Chinamen, taken aboard at Rivers Inlet and destined for shipment to China. They died, it is thought, from eating the weed in mussels, which is deadly poison. Dr. Duncan, health officer, is making an examination of the bodies to ascertain just what the men died of. If from a contagious disease the bodies will be buried here and a little time spread over them to end all danger of spreading infection.

Children Cry for Ritchie's Castoria

America and Russia. Mr. Phelps had held that neither the protests nor treaties raised any objection to Russia's exclusive trading or sealing rights in Behring Sea. They only opposed Russia's claim to exclusive trading rights on the shores of the Pacific Ocean. Proceeding to deal with the questions of jurisdiction involved in the case, Mr. Phelps contended that they were subordinate to the main question at issue. The property rights of America in the seals and her right to care for the animals would not depend on a decision by the tribunal favorable to her on questions of jurisdiction, though her rights would be strengthened by such a decision.

Mr. Phelps argued that the term "Pacifio" did not include Behring Sea in the context of the treaties or the interpretations of the treaties given by Canning, John Quincy Adams and all other diplomats until the pelagic sealing began. He proved that Russia enjoyed exclusive possession of the sealing until the cession of Alaska to the U.S.

Close of the Arguments Near.

LONDON, July 4.—Sir Charles Russell, counsel for Great Britain in the Behring Sea arbitration, said Monday that the presentation of the cases before the tribunal would be finished on Thursday.

Drowned in Mary Lake.

ALLANSVILLE, Ont., July 4.—Henry Clark, a boy 16 years old from one of the English homes, was drowned Sunday while bathing in Mary Lake. He could not swim. His companions did all they could to save his life, and one of them had a narrow escape from being carried down with an him.

An Unbridge Farmer Struck By a Train.

UNBRIDGE, Ont., July 4.—Yesterday as Mr. John Mustard of this town was crossing the G.T.R. track north of the tannery his wagon was struck by a northbound train and demolished, part of it being carried a considerable distance. Mr. Mustard was severely bruised about the head, and the doctors say he cannot recover. The horses escaped without injury.

Both Legs Had to Be Amputated.

ALVINGTON, July 4.—Joseph Whalen, a brakeman on the gravel train on the Glenoe-Kingscourt branch of the G.T.R., fell off the train and was run over, both legs being badly crushed and will have to be amputated. He was taken home to Sarnia. There is very little hope of his recovery.

STOLE A BAG OF DIAMONDS.

A French Tourist's Heavy Loss at the Union Depot.

TORONTO, July 5.—One of the most extensive robberies recorded in Toronto for some years was reported to the detectives last night. The victim was R. F. de Feldeau, a wealthy resident of Paris, France, and the manner in which the theft was committed showed the perpetrator to be as cool a customer as ever struck the city.

M. de Feldeau arrived in the city on Saturday en route to the World's Fair with his wife. He registered at the Queen's, where he was assigned the Princess Louise suite. M. de Feldeau and wife spent Sunday and Monday viewing the sights, and intended leaving for Chicago on the 6.50 train. They shipped their baggage to the Windy City, merely taking three satchels along with them. Pending the arrival of the train, which was late, M. de Feldeau and his wife entered the waiting room, placing their satchels on the seat beside them. M. de Feldeau had occasion to take something out of one of the satchels and picked it up from the seat for the purpose.

When he turned around to replace it he discovered that the largest satchel, which contained all his wife's jewelry, was missing. The contents of the satchel, which were valued at about 20,000 francs (\$4000), consisted of diamond rings, brooches, pendants, etc.

The alarm was at once given, but of course no trace of the purloiner of the satchel could be found.

The detective department was notified, and although several officers worked on the case until midnight their efforts were not crowned with success.

M. de Feldeau and his wife returned to the Queen's, where they will remain for a few days pending the result of the detectives' investigations.

McCarthy's Reckless Jump.

NEW YORK, July 5.—Edward McCarthy, a bartender, aged 21, jumped from the Brooklyn Bridge last night and sustained injuries which will probably result in death. This is the 14th case of jumping from the Brooklyn bridge and the third in two weeks.

A RIFLER OF MAIL POUCHES.

CAUGHT WITH 338 LETTERS IN HIS POSSESSION.

A Grand Trunk Car Foreman at Port Huron Captured By Postoffice Officials—The Thefts Had Continued For Two Years.

Toronto, July 4.—Chief Postoffice Inspector Mathew Sweetnam has just brought about the clever capture of a mail robber. For several months past a large number of Canadian letters have disappeared between London, Ont., and Port Huron, but so carefully were the robberies committed that all attempts of the Canadian and United States special officers to capture the thief were ineffectual. After spending much time on the trains between London and the tunnel, the officers arrived at the conclusion that the mail pouches were robbed at the Port

A PLUCKY POLICEMAN.

Courageous Conduct of a Windsor Officer in Making An Arrest.

Windsor, July 5.—Windsor came very near having another murder last night. About 10 o'clock "Dykes" Grant, going home in Dougall-avenue, when just below Dougall, was grabbed by three men, who started to go through him. He yelled and got away from them and in a few minutes Officer Mahoney, who heard the noise, put in an appearance.

He came up to the trio, immediately grabbed the big one, knocked the fellow down, when the other two jumped on him. Mahoney then pulled his club and, never losing his hold on the one, hit the others.

One of them pulled a revolver and, holding it within a few feet of the officers' head, fired. Just before the flash Mahoney hit the revolver with his hand and the bullet plowed a furrow along the right side of his head, cutting the skin. He pluckily held on to his man and landed him in the station. A lot of cheap jewelry and soap was found on him. He claims Montreal as his home.

mail pouches were robbed at the Port Huron end of the tunnel.

Suspicion fell on Charles Ford, a trusty car foreman of the Chicago and Grand Trunk Railway. In his capacity he had the freedom of all cars at all times, postal employees had implicit confidence in him and paid no particular attention to his coming and going. The inspectors watched the incoming trains as the eastern train pulled out of the tunnel. Ford was seen to enter the mail car. The inspectors followed him and caught him in the act of rifling mail bags.

On being secured 338 letters were found in his possession, his coat being especially prepared as a receptacle in which to store stolen mail. The pocket had been cut out and the whole lining of the coat formed a large pocket. Five hundred dollars in cash was also found on his person, which the inspectors have taken charge of. The letters had all been taken out of the one mail and were from Canadian points to all of the Western States. As letters have been missed for nearly two years the number taken can only be conjectured.

A tell-tale memorandum was also found in his possession, on which several amounts were checked. As marked the total amounted to something over \$20,000. This may be a total of his speculations and it may not.

Ford, who is 45 years of age and was a member of the last Fort Gratiot council, was placed in jail at Port Huron.

A BIG BLAZE AT STRATFORD.

North American Mill Building Company's Works Destroyed—Loss \$30,000.

STRATFORD, July 5.—The machine, wood-working and tin shops, comprising the principal building of the North American Mill Building Company's works, were destroyed by fire yesterday.

When first observed, between 9 and 10 o'clock, the fire was confined to a few square inches on the roof, having evidently caught from a spark.

The fire company attached to the works were quickly on hand, but owing to the bursting of a hydrant were unable to reach the spot with water, and in a short time the whole building was a roaring furnace of flames. When water was obtainable efforts were directed towards saving adjoining buildings, with success.

The loss will be very heavy, as the buildings contained a large quantity of machinery in course of construction necessary to the filling of several contracts which the company have on hand. The loss on buildings and stock is estimated at about \$36,000.

The insurance companies interested are London and Lancashire, Royal, Western, Perth Mutual, Aetna, London, Liverpool and Globe and Phoenix.

BEETON ABLAZE AGAIN.

Three Stores and a Printing Office Burned.

BEETON, Ont., July 5.—1 a.m.—Serious fire is raging here. The Beeton World printing office, J. C. Richardson's store and Mrs. Patterson's millinery establishment are a total loss. Great exertions are being made to save the Queen's Hotel. It is believed there will be no further serious loss if the wind keeps down.

Two Buffalo Children Burned.

BUFFALO, N.Y., July 4.—Fire last night destroyed Daniel McCarthy's saloon and residence at 22 West Market-street, and two of his children, Dannie and Myrtle, perished in the flames. McCarthy was badly burned and bruised in an attempt to save the little ones.

A Buggy Struck by the Train.

MARION, Ind., July 4.—A passenger train running at terrible speed struck a buggy here yesterday afternoon, containing Daisy Hummell, Eva Shrig and Mrs. John B. Heath. Miss Shrig was instantly killed, and Mrs. Heath was severely injured, while Miss Hummell escaped with a few bruises.

Train and Bank Robbers Caught.

DENVER, Col., July 4.—Information has been received from Colorado Springs that Henry Starr and Kid Wilson, two members of the notorious Starr gang of train and bank robbers, who have caused the death of a dozen men and terrorized the Indian Territory and Arkansas, were arrested there this morning.

Two Finlanders Lost in Thunder Bay.

MONTREAL, July 5.—The Star last night had a special from Port Arthur stating that a drowning accident occurred there on Sunday. Four Finlanders were going to Fort William in a flat-bottomed boat which capsized. Two of them were drowned. One had been recovered.

his home.

TWO FATALITIES AT CLINTON.

A Lady Thrown From a Buggy and Killed—A Boy Drowned.

CLINTON, July 5.—A sad accident occurred here yesterday. Miss Jennie Robinson was holding the reins of a very spirited team while her brother was closing the gate. The horses took fright and ran away, throwing the lady out on her head and causing instant death.

Dominion Day, 1893, will long be remembered by Mr. Homer Andrews, a citizen of this place, for while he and family were picnicking on the Maitland River their eldest boy of 8 years fell into the water, and before assistance could be given was drowned in very sight of the parents.

Drowned in the St. Lawrence.

GANANOQUE, Ont., July 5.—Edward Davis, between 13 and 14 years old, son of Mr. Alfred Davis, bookkeeper of the D. F. Jones Mfg. Co. here, was drowned yesterday in the St. Lawrence, between this place and Tidd's Island. He and another boy named Stone were sailing in a canoe; the canoe upset. Stone, being able to swim, kept up till rescued, but Davis, who was unable to swim, sank and was drowned. The body has not been recovered.

BRANDING AMERICAN CHEESE.

A Question if the Government Has Power to Do So.

OTTAWA, Ont., July 4.—A short time since the Customs Department issued instructions to their collectors to brand all cheese and butter passing through Canada in bond from the United States with the mark "Product of U.S.A."

An important question has now arisen as to the power of the Government to tamper with or brand any articles the product of a foreign country passing through the Dominion.

The Assistant Commissioner of Customs says the department is acting under the authority given by an act of last session, although those equally as high in the Government service contend that no such power is conferred and that trouble is likely to ensue, as the United States Government will certainly demand an explanation as to the right of the Canadian Government to interfere with, mutilate or attach to marks or brands on United States goods passing through Canada in bond for a foreign country.

AWFUL ACCIDENT AT OTTAWA.

A Child Killed and its Mother's Legs Cut Off.

OTTAWA, July 4.—Paul and Jeanne Martin and their four children, immigrants from France, bound for Manitoba, were waiting at the Union Station this morning for a change of cars.

The mother saw the train shunting out, and tried to jump on the platform of the second to last car, holding her youngest child. She fell on the steps, and then her foot caught in a frog. She and the child were pulled under the last car. The child was cut in two, and one of the mother's legs taken off above the knee. She will die.

REPEAL OF THE SHERMAN LAW.

Congress, Says Speaker Crisp, Will Repeal It Unconditionally.

WASHINGTON, D.C., July 4.—Ex-Speaker Crisp arrived yesterday from Atlanta and repaired at once to the Treasury Department, where he had an interview with Secretary Carlisle, at whose suggestion he came north. Representative Bynum had a short talk with Judge Crisp in Secretary Carlisle's room and afterwards said he was satisfied the next House would repeal the Sherman law unconditionally.

A TORPEDO FACTORY BURNED.

Two Men Killed by an Explosion of Gun Cotton.

NEWPORT, R.I., July 4.—The fire in the Torpedo Station was in the gun cotton factory. Much of the gun cotton was removed, but the fire reached some of it, causing an explosion.

Frank Loughlin and Jeremiah Harrington were killed and three others were injured. The factory is a wreck.

Limiting the Number of Settlers' Cattle. OTTAWA, July 4.—Recently the Customs Department issued an order limiting the number of cattle that are to be admitted as settlers' cattle into the Northwest.

The statute bearing on this subject is conflicting, and as doubts have arisen as to the power of the department to act in this matter it has been referred to the Minister of Justice for a decision.

A full list of sports and amusements will be provided and meals and lunches will be furnished on the grounds. Napanee Battalion Band will also be in attendance. Reduced rates on the N. T. & Q. All are invited and a good time promised. See large bills for particulars.

Died at Deseronto.

On Saturday, July 1st, the five year old little daughter of Mr. John Hayes, formerly of Napanee, passed out of the land of the living. Mr. Hayes was in Napanee at the time along with the Deseronto band, he being a member of that organization. Although his daughter was ill when he left nothing serious was anticipated. He received a telegram just before starting for home stating that she was worse, but before he got there she had died. Mr. and Mrs. Hayes have the sympathy of their Napanee friends.

Miraculously Escaped.

On Friday as the Picton band was marching up Dundas street to the Park, playing a lively air, the youths of the town following them up in the rear, a team of horses, driven by Mr. John Chatterton, was passing with a cab load of people for the grounds. The music caused the animals to rear and prance around and a young lad named Harry Garrett, son of Mr. James Garrett, of Jamieson's bakery, was knocked down, face foremost to the ground, and trod on by one of the animals. The horses were immediately stopped and the young fellow carried into Mrs. James house where Dr. Ward was summoned. The Dr. after a careful examination pronounced his injuries not serious and placing him in his buggy drove him home. The escape was miraculous, as one of the calks on the horses hoof left a big gash just behind the ear, and had the animal stepped on his neck death would probably have been instantaneous.

Infanticide.

On Sunday the body of an infant was discovered in the Bay of Quinte, opposite Deseronto, by some young men from that place, who were rowing along when they ran across a bundle floating on the water. They opened it and found it was a baby wrapped up in an old blanket. They informed the police at Deseronto of the fact but it being out of their jurisdiction no attention was given the matter. Then a telephone message was sent to County Attorney A. L. Morden, who at once notified Coroner Hoffman, who proceeded to the spot, and examined the body, which was much decomposed. The coroner is of the opinion that a crime has been com-

—Mr. and Mrs. F. H. Stinson, of Centerville, were in town on Thursday last, Mrs. S. giving her evidence re will of the late Robt. Lockridge, of Tamworth. There appears to be no reason why Mrs. Stinson should be debarred from her dower.

—Owing to the late season the spring wheat will not be a good crop. Fall wheat, oats and barley will turn out well. Hay and roots will be an extra crop. Bad seed, and a damp, disagreeable spring will make the corn crop a failure to a certain extent.

—Mrs. Spencer who had the misfortune to fall into the cellar one day last week, is doing as well as can be expected. It is supposed that in reaching over the cellar way she went off in a swoon and fell heavily, striking her shoulder against the stone wall.

—Livervman Burns lost a valuable horse on Saturday night. The animal was one of a team driven to and from the park all day Friday and Saturday by Mr. Ed. Symons. The excessive heat and overwork of the day together with colic killed the animal.

—Mr. Andy Kelly, butcher for J. W. Anderson, while chasing a cow at the slaughter house one day last week stubbed his toe against a stone. The stone flew up striking him on the knee cap. He was confined to his bed several days and is only now getting around so as to be able to walk.

—Saturday morning, whilst Heney Phillips, of the 4th concession of Thurlow, and his wife were driving to Belleville, the horse became frightened when in the vicinity of Lazier's mill, on the Canifton road, and ran away, throwing them both out of the buggy. Mrs. Phillips had her shoulder dislocated.

—At the excursion on Monday to Glenora, photographer Hulet and Mr. Harry A. Norton, of Boston, a guest of Mr. A. Fuller, entertained quite a number of their friends by taking snap shots with a Kodak camera. Some very fine views and picturesque groups were obtained and may be seen at Hulet's studio.

—Last Thursday a sad accident occurred near Loughboro Lake. A girl, two years old, daughter of John Johnson, while playing on a milk can, tumbled into it and was drowned in the milk before her father knew it. He was milking cows at the time, and after he got through he went in search of the child and was shocked when he found her body.

—John Lovell, the veteran publisher of Montreal, died on Saturday evening, at his home, 69 Mackay street, after a brief indisposition. Though he has been for some time in a feeble condition of health, the announcement of his death will be surprise. He was in his 83rd year. Canadian literature and education owe more to Mr. Lovell than to any other publisher in the Dominion.

—Rev. E. H. M. Baker and son, Bath, had a close call one day last week while on their way to Nananee. Just at Miller's crossing, near Bath, as they started to cross the track, a freight train without warning of any kind, suddenly bore down upon them. They pulled back and missed the train almost miraculously. Mr. Baker has instituted an investigation into the omission of the engineer to blow a warning signal.

—Some boys while bathing in the Ottawa river at Ottawa, a few days ago found a lot of counterfeit coins in fives, tens, twenty-five and fifty cent pieces. They picked up all they could find, about \$600, and brought them to the police station in a basket. They are thought to be the product of a gang of counterfeiters which attended the Ottawa exhibition in 1891 and tried to shove around a good deal of the queer stuff.

—The residents of Northport were shocked on Saturday afternoon to hear of the death of Mrs. Wm. Crothers, mother of J. S. Crothers. The deceased had enjoyed the best of health for many years, and seldom had an ache or pain. On Friday evening she ate a little radish, and after retiring was taken with a severe pain in the stomach, which in spite of medical skill continued until she passed away on Saturday afternoon. Her death is a severe blow to the family, who have the sympathy of many friends. The deceased was in the seventies, and was highly respected. The remains were taken by the Armenia to Kingston Tuesday morning for burial by the side of her late husband.

body may have been dropped off one of the numerous boats plying up and down, or may have been put in the water miles and miles away. The body was buried by order of the coroner.

Christian Endeavorers.

The United States and Canadian Christian Endeavor societies convened in Montreal on Wednesday, July 5th. Revs. J. J. Rae and S. J. Shorey are representatives from Nananee District. Twelve years ago in the little Williston church in Portland, Me., the society of Christian Endeavor was formed. To day it numbers nearly two million members. In every village, town and city in the United States and Canada it has either a society or a member. The founder of this great army for Christian work was the Rev. Francis E. Clark, D.D., who was its first national president and still holds the same office. Delegates from every State in the union and every city in Canada will be represented. Last year 24,000 delegates comprised the convention, which was held in New York city. This year the number is expected to reach 35,000 and accommodations for that many have been made. The hall in which the convention will be held is the largest in Montreal and the people of that city will look after the comforts of their visitors.

MR. EDITOR:—California is a lovely country, the sick get well, the poor get rich, cyclones and frosts are practically unknown. A hundred to three hundred dollars per acre is made each year on fruits with irrigation. The California land and water exchange, of Dayton, O., control large quantities of land in California, which they plant, cultivate for ten years, paying you \$40 per acre on one, \$200 on five acres each year as your part of the profit, they keep the balance for the care and cultivation. They give an acre of land away with each 4 certificates. All they ask you to do is to pay for the irrigation, which can be done in small payments each month. They will send you the names of 90 persons who last year received from \$25 to \$600 on one year's investment. President Harrison says "Half of the good things of California have not been told." The Hon. Jeremiah Rusak says, "Truly California is a poor man's paradise." To five-acre holders the California Land & Water Exchange of Dayton, O., give a free return ticket to view the property and two hundred dollars per year. Why should any one be poor when such a chance remains open and you do not have to do any labor or work, to get the profits and do not have to leave home. Write them to-day and get full particulars. A CALIFORNIAN.

A Hearty Welcome.

Some little time ago the pastor Rev. D. McEachern, of the Presbyterian church here, feeling unwell and run down, was advised by his congregation to take a trip to Bonnie Scotland—a trip home and back. This the rev. gentleman did, and returned a few days ago full of health and with renewed energy ready to carry on the work of the church. Needless to say the congregation were extremely glad to see their pastor return, especially so to find how much he was benefited by the rest and change. On Monday a more public welcome home was given at the manse, when a largely attended social was held on the grounds, which were illuminated for the occasion. Ice cream, strawberries, cake and lemonade were plentifully supplied, after which a sparkling programme was gone through. Mr. T. M. Henry acted as chairman and agreeably introduced those who had volunteered their assistance. First, however, the pastor delivered an address of welcome in a few well chosen words. Rev. Mr. Rae also delivered a short address during the evening. Miss Tirrell gave a recitation as did Mr. F. S. Rockwell. Miss Hall and Mrs. Metzler gave instrumental solos. Mr. W. A. Rockwell and Mr. W. Daly gave a song each. By the time this programme was gone through, to the lively satisfaction of the audience, it was time to bid goodnight. A vote of thanks was tendered those who took part in the programme and after a few words of thanks for the very liberal patronage bestowed on the entertainment, the company separated.

This day was a great day in Nanapanee. For the first time in three years Old Sol shone forth during the entire day with all his summer heat and splendor. The crowd of holiday makers began to arrive on June 30th, on which day the races began. This day also an interesting match of cricket was played between Pictou and Nanapanee. The crowd on the ground was not very large the first day, but the second day, Dominion Day, made ample amends for all previous short comings. The railways and steamboats brought in large loads of holiday makers, and the town soon wore a busy look. Crowds of well-dressed, orderly people thronged the streets, and many pretty girls were seen laughing and chatting with their escorts. Ice creams were in large demand, and cigars found ready purchasers. About two o'clock the sports began, but long before that a large crowd had found their way to the beautiful grounds of the Nanapanee Driving Park Association, and were soon enjoying the welcome shade of the leafy trees, which beautify the park. The newly erected grand stand was soon well filled by a much pleased throng of sight-seers, who praised all the arrangements without stint, from the ample accommodation afforded by the stand to the beauties of the scenery, and the neat appearance of the track. The races began about two o'clock, and kept the onlookers interested until six. The events were well contested, some close finishes exciting the crowd to cheering that evidenced a keen appreciation of a good contest. There were a large number of private carriages on the ground, adding to the effect caused by a vast concourse of spectators on foot, and presenting an animated spectacle to the occupants of the stand. There were no accidents to mar the enjoyment of the day, although the continual crowding of pedestrians on to the track gave a little trouble. The two day's programme may be said to have given great satisfaction, and the Park Directors are no doubt somewhat elated by the receipts, which we hope will leave a balance to the good, to help make up for the deficiencies caused by the wet Dominion Days of 1891, 1892. The following are the results of the races:

PARISH NEWS.

Church of St. Mary Magdalene.

Sunday next (VI Sunday after Trinity) the services will be as follows. Celebration at 8 a.m. (in the basement chapel). Matins and Litany 11 a.m. Evensong in St. Andrew's chapel, Robin's Hill, 3 p.m. Sunday School and Women's Bible Class, 3 p.m. Evensong, 7 p.m.

Last Monday a beginning was made in the formation of a society for the purpose of organizing a work amongst the women of the congregation similar to that undertaken amongst the men by the brotherhood of St. Andrew. As there is no organization of this sort in operation after which ours could be modelled, it was thought well to let the new society develop itself untrammelled by a too rigid constitution and by-laws, the observance of a rule of prayer and a rule of service similar to those existing in the brotherhood being the only conditions of membership imposed. The initial meeting was a most encouraging one. Miss Shirley was elected to the post of directress and Mrs. Ross was appointed secretary. The society is to hold weekly meetings in the Guild room for prayer and instruction and organized effort on behalf of the aggressive work of the church in the parish. The next meeting will be on Tuesday 11th inst., at 7.45 p.m. All women of the congregation are invited to be present.

At St. Paul's we had the assistance at Matins of Mr. Sills, of Sillsville, an under-

DEATHS.

At St. Paul's church, San Diego, Cal., on May 17th, a class of eight persons was confirmed by the bishop of the diocese, who made a special visitation for the purpose. Among its members was Mr. Harry Pratt who has been pastor of the church at National city. Mr. Pratt and his wife were presented by Rev A. L. Mitchell, rector of St. Matthew's, National City. Mr. Pratt has become a candidate for Holy Orders. Among those presented by the rector of St Paul's was a licensed Baptist preacher, and his wife, who is the daughter

Crickets.	
At the request of the Park authorities the Napanee Cricket Club arranged a match with Picton which was played on Friday. Although the grounds was not in the best condition, the wicket played fairly well and the day was all a cricketer could desire. The town club was beaten by seven wickets but considering the small scores in the first innings the defeat was not so disastrous as at first sight would appear. The scores made by both sides were very small only two players, Leonard and Smith getting double figures. For Napanee the high scores were made by Leonard 11 and 5, Wilson 2 and 9, Trimble 8 and 0, Burrows 4 and 7. For the visitors Smith made 12 and 8, McKenzie 8 and 5, Berringer 8 and 1. In bowling Burrows took four wickets for 16 runs, Baines six for 18. The fielding of the Napanee team was much better than that of Picton team, but Napanee was weak at the bat. In the second innings Burrows made a neat left-handed catch. The following is the score:

Keen Minard's Liniment in the House	
-------------------------------------	--

St. James after taking his degree proposes to study for the ministry. He is now a licensed lay reader.

St. John's Church, Bath.
This venerable edifice may now be said to stand completely restored, the roof on the north side having been re-shingled a couple of weeks ago. Two or three years back the south side roof was re-shingled.
The vestry do not propose to stand still however. A committee selected last Easter to consider how money should be raised for further improvements, will soon meet and determine what course of action they will take with regard to the "Langhorn Memorial Chancel" and the commodious vestry which it is proposed shall be built at the same time to supersede the contracted closet which has done duty as a vestry room for the last fifty years. The rector is receiving no little encouragement in this venture both within and without the parish, several handsome subscriptions having been promised wholly without solicitation on his part.
The fortnightly Sunday services at Ernestown (Mr. James Woodham's) will be resumed, beginning next Sunday (9th inst.) at 3 p.m. The choir of St. John's will attend and assist at each service.
Monday last, 3rd July, was the fortieth anniversary of the rector's ordination to the diaconate in Trinity church, New York.

Mission of Ernestown.
The Sunday School at Olesca will be held in future at 10 a.m. instead of in the afternoon and the morning service will consequently be held at 11 a.m. instead of at 10.30 as heretofore.
We had a very bright school and a good attendance at Hawley school house last Sunday when the new melody was used for the first time.
The ladies are talking now about working an altar cloth, and desk frontal.

Parish of Camden East.
The bishop of the diocese will hold confirmation in St. Luke's church, on Saturday morning the 8th inst. at 10.30 o'clock. All strangers will be made welcome but no one will leave the church until the Bishop and clergy have left.
The service in this church will be on Sunday the 9th at 7.30 p.m.

St. Jude's Church, Gosport.
The Rev. A. L. Geen will D. V. hold service in St. Jude's Church at 3 o'clock p.m. on Sunday next.

GENERAL NEWS.
The Canon of Holy Scripture.
The word Canon in this connection means the authentic books which have ever received sanction of the church and have been recognized everywhere as comprising the volumes of inspiration. All these books are contained in our English Bible.
The books of the Canon of the Old Testament we receive on the authority of the Jewish Church, Our Lord himself having stamped this collection with his approval. The Canon of the New Testament rests on the authority of the christian church. In the case of the establishment of the New Testament we know how carefully it was set about. It was the result of a long process, and it was only when that process was completed that the Church set her seal to it. There were three great elements employed in this process. There was, first, the mark of apostolicity, or at least apostolic sanction, which must attach to every book pretending to a place in the Canon. Then, secondly, there must be the witness of the souls of the general body of the faithful to what was felt to be the inspiration of the book; and, lastly, there was the comparison and ascertained agreement of the contents of the book with the Canon of faith handed down in the Church and embodied in her constitution and worship. No book could be allowed a place in the Canon unless it could stand all these tests, and it was only when tests had been fully applied and general agreement had resulted that the Church fixed the Canon.
—Church Quarterly Review.

The vicarage of Christ Church, Greenwich, England, about to be vacated by the Rev. A. H. Baynes, Bishop-designate of Natal, will be conferred on the Rev. G. S. Reany, curate of Bickley, Kent. Previous to his ordination by the Archbishop of Canterbury three years ago, Mr. Reany was a Congregationalist minister in Manchester, and he was at one time the minister of Stepney meeting house. The parish of Christ Church has a population of over 20,000 souls, and Mr. Baynes had a staff of five clergy.

presented and said afterwards that he hoped to live to see all his eight children confirmed. It is interesting to note that this retired preacher, seventy-five years of age, requested Rev. H. B. Resterick, the rector of St. Paul's, to begin church work in the valley in which he lives.

—Last Wednesday was the seventy-ninth anniversary of the battle of Chipewewa.

—Mr. Donovan, Tamworth, who had a paralytic stroke a short time ago is now improving rapidly.

—Rev. W. Bowman Tucker, M. A., Adolphustown, has received the degree of Ph. D., from the Illinois Wesleyan university.

—Miss Cole, of the west end Mission Sabbath School, Deseronto, was presented two handsome volumes before leaving on a six months visit to Chicago.

—Cyrus Maracle, of the Mohawk Reserve, who was recently committed to the Belleville jail as a dangerous lunatic, has been removed to the Insane Asylum, Toronto.

—An excellent crayon portrait of Capt. Collier may be seen in Hulet's show window. Also a veru lifelike portrait of the deceased little daughter of John Henderson, Belleville road.

—Warrington has made the largest cheese purchase ever made in Belleville section, it being a contract for the make of the last half of June from 60 factories. The purchase amounts to over \$100,000, and the price paid is the highest since 1887, being 9 to 9.3-10.

—At Empey Hill, a few days ago, Mr. John Brickley, sr., of Marysville, was the victim of an accident. A runaway milk wagon ran into his rig which was demolished while the horse was injured. Mr. Brickley himself was badly shaken up and his shoulder was dislocated. Dr. Holdcroft was summoned and reduced the dislocation.

—Mrs. Charlotte A. Christie, wife of the Rev. I. J. Christie, of North Gower, committed suicide by drowning at Amherst Island a week ago Saturday morning. She had been an inmate of Rockwood Asylum for some time, and a few days ago was taken to the island on a visit to her daughter in the hope of regaining her lost health. Between six and seven o'clock she disappeared, and later on the body was found near the shore.

A Close Resemblance.
Many symptoms of Canadian cholera are similar to those of the real Asiatic cholera, such as vomiting, purging, intense pain, etc. For all these symptoms Dr. Fowler's Extract of Wild Strawberry is a safe and sure specific. Price 35 cents at druggists.

Holloway's Ointment and Pills.
More precious than Gold.—Diarrhea, cholera, and dysentery are, through the summer's heat, carrying on the young, as the winter's cold does the aged. In the most acute cases, where internal medicines cannot be retained, the greatest relief will immediately result from rubbing Holloway's soothing Ointment over the abdomen. The friction should be frequent and brisk, to insure the penetration of a large portion of the Ointment. This Ointment causes the excitant action and soothes the pain. Both vomiting and griping yield to it; where fruits or vegetables have originated the malady, it is proper to remove all indigestible matter from the bowels by a moderate dose of Holloway's Pills before using the Ointment.

Where the Telegraph is Least Used.
The four countries in the world which possess the smallest telegraph facilities are Peru, Paraguay, Uruguay and Persia. In the first named there are only 88 telegraph offices in the whole country and but 1,000 miles of wire. In the territory of Paraguay there are only 310 miles of wire in operation, and the entire telegraphic service of that country requires the services of but 28 persons. One line of 360 miles, owned and operated by the government, runs from Asuncion to Paso de Patria, the limit of Paraguayan territory, and the other 150 miles by the railroad from Asuncion to Pirapo.

Owing to high water and forest fires in that country the line is often interrupted for a days at a time. At Paso de Patria the line breaks, there being no cable over the Alto Parana river, which is three miles wide. Communication is therefore by canoe, which takes messages over in the morning to the Argentine side and returns to the Paraguayan side at night. An important telegram is often delayed 10 or 15 hours.—Hartford Courant.
